

KRC Nascar Lugnut

1. Lugnut is manufactured to the strictest "ISO 9001 w/design" standard.
2. Heat-treated to the proper rockwell hardness to eliminate rounding.
3. Pre-tapped and clearanced for the proper fit.
4. No re-tapping by end user.
5. New non-flake teflon coating for speed and torque. Reduces friction & gaulding.
6. Used exclusively by "5 OFF 5 ON" Pit School and the Tyson Pit Stop Challenge.
7. Traceability of heat-treat, material lots & machining characteristic applied to each box.
